

ON TRACK

SUNRAIL NEWS & INFORMATION FOR CENTRAL FLORIDA'S BUSINESS COMMUNITY

ISSUE 8 • MAR 2017

STAY ALERT
AVOID DISTRACTIONS NEAR TRACKS

SunRail Safety

SunRail has always focused on safety first. A new safety campaign offering weekly Rail Safety Tips has launched on the SunRail.com homepage as well as on SunRail's social media accounts every Wednesday (Facebook, Instagram and Twitter). The campaign focuses on one central theme: Tracks are for Trains only.

Safety posters are being distributed to schools and businesses along with door-to-door outreach to assure our Central Florida community knows how to be smart and safe near railroad tracks.

If you would like safety posters for your school or business or to schedule a free safety presentation, please contact: info@sunrail.com. Follow us at [@RideSunRail](https://www.instagram.com/RideSunRail)

Be smart & safe near tracks:

- Never stop or walk on the tracks
- Avoid distractions, such as texting
- Be certain your vehicle can completely clear the tracks before crossing

DID YOU KNOW?

SunRail offers safety presentations on board and in the classroom with Tie the Safety Squirrel!

Email info@sunrail.com to set up your free presentation.

FAST FACTS

A train traveling 55 mph can take more than a mile to stop.
