

ROVING ART GALLERY on

Art is Moving is a privately-funded roving art gallery on-board SunRail passenger coach #3005, initially envisioned by artist Nicki Drumb of Orlando. First installed on March 16, 2017, this project, entitled, "We're All Connected," showcases regional artists from all four counties that are part of the SunRail corridor: Orange, Osceola, Seminole & Volusia.

Art is displayed on all of the passenger-view exterior windows and two interior partitions on the mid-levels. A very heartfelt thank you to all artists that submitted their work. The displayed artists are:
