

HURRICANE SEASON JUNE 1 - NOV 30

In the event of severe weather, SunRail would like to remind the community that services will operate as scheduled but may be suspended up to 24 hours in advance if sustained winds are expected to reach 39 mph at ground level or flooding is expected. Preparations must be made along the railway in anticipation of such weather conditions.

SunRail will monitor the weather and keep the community up to date as the storm passes through the area. Regular service will resume as soon as safely possible.

TEMPORADA DE HURACANES
1 DE JUN - 30 DE NOV

En el caso de clima severo, SunRail quisiera recordar a la comunidad que los servicios operarán según el horario regular pero podrán ser suspendidos hasta 24 horas por adelantado si se espera que los vientos sostenidos alcancen 39 mph al nivel del suelo o se prevean inundaciones. Los preparativos deben hacerse a lo largo del ferrocarril en previsión de tales condiciones.

SunRail monitoreará el clima y mantendrá a la comunidad actualizada mientras la tormenta pasa por el área. Servicio regular se reanudará tan pronto como sea posible.
